## Cheddar Grove Primary School - Pupil Premium Strategy 2023-2024

## Summary Information:

All members of staff, governors and teaching assistants accept responsibility for 'socially disadvantaged' pupils and are committed to meeting their pastoral, social and academic needs within the school environment. We are committed to 'diminishing the gap' between vulnerable pupils and their peers; the pupil premium forms a vital part of this process. This funding helps remove barriers to learning so that all our pupils reach their full potential and enables them to fully engage in our curriculum and school life.

The governors reserve the right to allocate the pupil premium funding to support any pupils or groups of pupils the school has legitimately identified as being socially disadvantaged. Provision will be made through:

- Facilitating pupils' access to education
- Facilitating pupils' access to the curriculum
- Alternative support and intervention within the school

It is the responsibility of the school to explain pupil premium expenditure to parents in the form of an annual statement. This report aims to detail information on how Pupil Premium has been used within school. It will detail the attainment and progress of pupils who are covered by the premium and the intervention that has been supported by the additional funding*.

| School | Cheddar Grove Primary School |  |  |
| :--- | :--- | :--- | :--- |
| Financial Year | $2023-2024$ | Total PP budget for EYFS / KS1 / KS2 | £122,220 |
| Total Number of Pupils | 436 | Number of pupils eligible for PP | 88 |
| Date of most recent PP <br> review | July 2023 | Date of next PP review | March 2024 |

Table 1,1 Attainment Outcomes 2022/2023

| Attainment Outcomes 2021/2022 | Year 6 Data 2022/2023 |  | Year 2 Data 2022/2023 |
| :--- | :---: | :---: | :---: |
|  | Pupils eligible for PP <br> (12 Pupils) | Pupils not eligible for PP | Pupils eligible for PP <br> (13 Pupils) |
| \% pupils achieving expected standard or <br> above in reading, writing \& - <br> maths outcomes | $58 \%$ | $81 \%$ | $46 \%$ |
| \%\% pupils achieving expected standard or <br> above in reading outcomes | $75 \%$ | $78 \%$ |  |
| \% pupils achieving expected standard or <br> above in writing outcomes | $58 \%$ | $85 \%$ | $46 \%$ |
| \% pupils achieving expected standard or <br> above in maths outcomes | $75 \%$ | $87 \%$ | $54 \%$ |

|  | Barriers to Future Attainment | Desired Outcomes/Success Criteria |
| :---: | :---: | :---: |
| Internal Barriers |  |  |
| A | PP children have historically low entry points into Cheddar Grove Primary School (in comparison to non PP) and in general are behind the expected standard. Children need to make accelerated progress in Mathematics, Reading \& Writing. These low starting points have also meant that often PP children have major gaps in their understanding of key basic facts/basic skills in the core subjects. These gaps often take a number of years to close | Any gaps that are identified from pupil progress meetings and the previous end of year data analysis are reduced in size (meaning accelerated progress of PP children) Outcomes at the end of KS2 show PP children perform broadly in line with non-PP national in reading, and maths and slightly behind in writing. The gap is significantly closing. |
| B | PP children exposure to high level vocabulary and opportunities to deepen understanding are often limited due to home experiences. As a result, speech and language is often a barrier in school to children making progress. | Speech \& Language skills are improved so that progress is in line with others within school and nationally. |
| C | A significant proportion of children are falling marginally behind their peers in reading and therefore a gap is highlighted. | PP children's reading level are in line with their non-PP counterparts. |
| External Barriers |  |  |
| D | Low attendance rates - Absence and persistent absence. | Attendance of PP children is in line with those of non-pp children. |
| E | The PP groups at Cheddar Grove Primary School have in some instances had to deal with challenging home circumstances which can have an impact on pupil's emotional wellbeing and mental health. | PP children have access to support which promotes positive wellbeing and mental health and develops their resilience. |
| F | Due to financial constraints, pupils are unable to engage in residential and school trips in order to participate fully in academic work that proceeds and follows. | All PP children are able to attend school trips including residential camps. |
| G | Parents awareness of PP funding and the level of support given in school | Parents are aware of the PP funding and strategies used in school. Parents understand and use home-learning strategies to support learning and improve outcomes. |

| Internal Barrier | PP children have historically low entry points into Cheddar Grove Primary School (in comparison to non PP) and in general are behind the expected standard. Children need to make accelerated progress in Mathematics, Reading \& Writing. These low starting points have also meant that often PP children have major gaps in their understanding of key basic facts/basic skills in the core subjects. These gaps often take a number of years to close. |  |  |  |  |  |  |
